

# GET MORE THAN JUST EMAIL WITH CLOUD-BASED MICROSOFT EXCHANGE

## WHAT IS MICROSOFT EXCHANGE?

Microsoft Exchange gives you more than just access to email and contacts; it provides a scalable, next generation solution for organisations of all sizes. Microsoft Exchange from Outsourcery includes email, contacts and calendar functionality as well as the latest communication and collaboration technologies including instant messaging and presence. These tools are delivered through one seamless interface enabling users to interact, respond and publish information in real-time.

The desire for access to the latest technology and for faster communications has seen an increase in businesses wanting to drive down costs whilst maximising productivity. Exchange is extremely cost effective for customers who require a business email solution, including advanced messaging tools, without heavy IT investment. Using Outsourcery's state-of-the-art enterprise-grade O-Cloud platform, customers have the freedom to securely access their communications (email, voicemail, instant messaging and much more) from virtually any web browser or device.

## WHY EXCHANGE IN THE CLOUD?

Cloud-based Exchange from Outsourcery enables your business to access many of the core benefits that the cloud can offer. The flexibility of the cloud allows for online access anywhere, from any device, helping your employees to stay productive wherever they are. Financially backed Service Level Agreements (SLAs) and enterprise-grade security provide peace of mind that your business critical systems are safe in the cloud. Available on a monthly subscription basis, Exchange can easily be scaled up or down depending on your business requirements.

## WHY OUTSOURCERY?

### EASE OF DEPLOYMENT

Outsourcery is committed to making it easier to deploy Microsoft Exchange. Our team of dedicated 'cloud experts' can assist at every stage of your journey, from transitioning to the cloud to ongoing cloud support. We've even been awarded the Gold Microsoft Communication competency demonstrating our extensive know-how and access to resources.

### CLOUD EXPERTISE

At Outsourcery, we have proven expertise so you can be confident in our abilities. We are a Microsoft Cloud OS Partner with eight Microsoft Partner Competencies. Our proficiency in deploying cloud services and the experience of our cloud specialists have also earned us many awards over the years, including being the first business outside of the US to be awarded Microsoft Partner of the Year.

### INTEGRATED CLOUD SOLUTIONS

Outsourcery offers additional solutions to complement Microsoft Exchange, ensuring that all your cloud needs are met. For example, we offer a comprehensive Email Archiving solution and our range of Professional Services includes Email Ingestion, so you can transfer your existing emails without disruption to your business. We also offer voice-enabled Microsoft Lync and Office 365 which can be fully integrated with your Exchange solution.

# BUSINESS BENEFITS

## IMPROVE COMMUNICATION & PRODUCTIVITY

Microsoft Exchange provides the tools you need to communicate effectively and efficiently to meet your business needs.

## REDUCE COSTS

Cloud-based Microsoft Exchange works on a monthly subscription model, meaning that you only pay for what you use with no up-front investment. It can also be scaled to meet your business needs.

## ENHANCE COLLABORATION

Microsoft Exchange doesn't just provide email. You can also share documents, calendars, tasks and other items with colleagues for enhanced collaboration. Exchange can be integrated with other Microsoft solutions from Outsourcery including Lync, SharePoint and CRM for a fully 'unified' experience.

## COMMUNICATE ON-THE-GO

Stay in touch with customers, suppliers and colleagues from anywhere, on any device. Exchange works on most devices with desktop, mobile and web apps, to keep you productive on-the-go.

# KEY FUNCTIONALITY

## ENTERPRISE TECHNOLOGY:

Benefit from the latest Exchange technology, allowing your organisation to share address lists, calendars, contacts, folders and tasks.

## MOBILITY:

With mobile access from smartphones, tablets and the latest version of Outlook Web App (OWA), users can access mail anytime, anywhere.

## SECURITY:

Outsourcery utilises market leading Anti-Spam and Anti-Virus software from Symantec.cloud and Microsoft Forefront to ensure your mail is safe and secure 24/7.

## FLEXIBILITY:

Service options are flexible for organisations of all sizes and include monthly contracts, a user control panel for easy setup and the ability to add and remove mailboxes as required, making it simple to manage.

## COMMUNICATE AND COLLABORATE:

Revolutionise the way your business communicates. By integrating Outsourcery's Lync offering or Microsoft SharePoint, users can benefit from real-time presence information, improved conferencing and enhanced IM, as well as document sharing and collaboration to help your organisation stay better connected.
