# A COMPREHENSIVE CLOUD MIGRATION SERVICE

## WHAT IS CLOUD MIGRATION?

One of the key challenges for IT managers today is how to move ageing infrastructure to the cloud. Often, clarity is needed around which cloud services to choose, which workloads to move, when to schedule down-time and how to safely migrate data.

Outsourcery's cloud migration service ensures organisations benefit from simple processes and tailored step-by-step support, whatever their sector.

## A COMPREHENSIVE SERVICE

Cloud migration from Outsourcery includes:

- Technical qualification and scoping of the proposed solution
- An initial quotation for Infrastructure-as-a-Service (IaaS) and a technology discovery workshop
- An in-depth workshop, covering high level design
- Subsequent quotations for migration software, per server migration pricing and professional services
- A migration project plan, including dates, risks, User Acceptance Testing (UAT) guidelines and a sign-off schedule
- Plan execution delivered by a Project Manager

## SUPPORT IN THE CLOUD

### CLOUD READINESS
We understand that moving to the cloud can be a complex process and we will work with you to devise a cloud strategy tailored to your organisation.

### CLOUD TRANSITION
We will ensure your transition to the cloud goes smoothly.

### CLOUD SUPPORT
We provide ongoing support, so you get the most out of the cloud.

## WHY OUTSOURCERY?

### FLEXIBLE DEPLOYMENT

Outsourcery makes it easy to deploy IaaS that meets your organisation's needs. Our team of dedicated 'cloud experts' can assist at every stage of your cloud journey, recommending the best deployment methods and helping you manage the whole process end-to-end.

### CLOUD EXPERTISE

At Outsourcery, we have proven expertise so you can be confident in our abilities. We are a founding member of the Cloud Industry Forum (CIF), fully certified against the CIF Code of Practice. What's more, we're Ofcom-regulated with our own 'telco' infrastructure, enabling us to provide Unified Communications like Skype for Business, with enterprise voice.

### PROFESSIONAL SERVICES

We offer a full range of professional services to help you migrate to the cloud or deploy a hybrid cloud model.

# KEY BENEFITS

## IMPROVE CUSTOMER SERVICE
A comprehensive migration service to move any server workload to the cloud

## COMPLIANT WITH GOVERNMENT SECURITY CLASSIFICATIONS
Deployed on Outsourcery's O-Cloud, certified to run OFFICIAL government classified information over the internet (formerly IL2)

## AGREED TECHNICAL QUALIFICATION
Technical qualification with full project management delivery and cutover, infrastructure design and a migration project plan

## TAILORED SUPPORT

# CLOUD INFRASTRUCTURE THAT MEETS YOUR NEEDS

Infrastructure-as-a-Service (IaaS) is a combination of network, compute and storage components combined to create a highly scalable, flexible offering. Hosted infrastructure provides a lower cost of ownership along with a greater level of resiliency and redundancy.

We've invested heavily in our enterprise-grade cloud platform, the O-Cloud. From this, we deliver our range of IaaS solutions, so you can choose the solution that meets your business needs, at a price-point that works for you.

## IAAS – CORE
The ideal platform on which to build scalable applications for end-users, with fast deployment and high performance virtual machines

## IAAS – ACCREDITED
Enterprise-grade infrastructure with geodiversity for high levels of availability, with private connectivity

## IAAS – ASSURED
Designed specifically for public sector and reduces costs whilst meeting government Information Assurance and Cloud First standards

# CHOOSE THE CLOUD EXPERTS

Outsourcery is a leading UK provider of IT and communications solutions, delivering cloud services to organisations of all sizes since 2007.

We've invested heavily in our enterprise-grade, Ofcom-regulated cloud platform, the O-Cloud, which has been built using the latest technologies from best-of-breed partners to ensure high availability and resilience for the businesses we work with.

Outsourcery is a member of the Microsoft Cloud OS Network – a highly selective worldwide consortium of 25 Cloud Services Providers (CSP) committed to building solutions on the Microsoft Cloud Platform. And of course we hold all the accreditations you would expect from a world-leading CSP, including ISO 27001, 9001 and 14001 standards and the Cloud Industry Forum's Code of Practice certification.
We were also the UK's first carbon neutral cloud provider – a status we are proud to maintain today.

As the cloud experts, our aim is to make sure transitioning to the cloud is pain-free, delivering maximum return for our partners and customers alike. The expertise of our teams, combined with our in-depth consultancy and support capabilities, ensure our cloud services can be fully integrated and tailored to meet your business needs.
